TIMEXTENDER PORTAL

Improvements

Goodbye License Keys and Secrets

Hello to permission management
and sign-in.

R.I.P Project Repositories

Each ODX, MDW, and Semantic
model is a fully managed cloud
instance.

Multiple Environments Including ODX

Seamlessly replicate your instances
from Dev → Test → Prod

Data Source Management

Want to admins to share access,
without copy & pasting passwords?
We got you.

Fully Managed Executions across ODX → MDW

Tired of defining dependencies and
adding triggers? Relax.

Deprecated features

- Business Units
- SSL: Data Exports
- SSL: SSAS OLAP Cubes
- SSIS

We're working on...

- Migration tool
- Improved multi-environment support
- End-to-end scheduling
